OBITUARIES

DEATH OF MRS. E. E. TEARE

Eleanor Elizabeth Teare, 68, died Monday morning at her home in Strathmore after a lengthy illness.

Born in Glenmay, Isle of Man, she came to Canada and the Strathmore district in 1913. She was a member of the United Church, Strathmore and of the Strathmore Women's Institute.

Her husband, Ambrose, died in 1915. Surviving are one son, Pte. John Frederick, of Camrose; one daughter, Mrs. Kate Buckertlow, of Blackie; one sister, Mrs. Martha Kolton, of Binton Station; four brothers, Stanley and Fred Christain, of the Isle of Man, Harry of New Zealand, and George, in Calgary.

Rev. S. R. Hunt conducted services at 2 p.m., Wednesday in the Strathmore United Church. Burial was in the family plot, Strathmore cemetery. McInnis, Holloway and Chase Funeral Home were in charge.

Rev. Hunt spoke very sympathetically from the text, "Waking or sleeping I will be with thee."

The choir sang effectively, "One Sweetly Solenn Thought."

Mrs. Teare was a very devoted member of the church, and only failing health during the past couple of years prevented her regular attendance.

The pall bearers were, T. E. H. Paterson, H. Groves, Lester Jones, Anson Chase, M. B. Garrett and George Palardy.

A.T.A. MEETING

The first meeting for three months of the Strathmore Sub-Local A. T. A. was held in the High School on April 8. Mr. Addison, Principal, Carle and Consolidated School, Vice President, was in the chair. Ten members were present.

The whole time of the meeting was devoted to business. The following matters were discussed—The Easter Election for the Provincial Executive, Resolutions to the A. G. M., the annual Sports Day, which will take place Friday, May 21.

The next meeting will be held May 13, when final arrangements for the Sports Day will be made and a report of the delegate to the A. G. M. given. There are some twenty-three members of this Sub-Local and we trust that we shall have a full attendance at this meeting.

NAMAKA

by M. W.

The Alberta Wheat Pool Picture Show in the Community Hall on the 6th, was enjoyed by a fair crowd. Mr. Loy Wheeler acted as chairman and the speakers for the evening were Mr. Wheatley, Alberta Wheat Pool delegate and Mr. Ben Plummer, Wheat Pool Director.

Pete Williams went east to Markham Ontario as one of the helpers with the Strathmore C. P. R. Holstein Cattle.

Mrs. Duncan McBean's home was completely destroyed by fire last Wednesday morning. Mr. and Mrs. McBean are some of the oldest settlers of this district.

Mrs. and Mrs. James McBean had as their guest for a few days Mr. McBean's Mother.

Jackie Pawkes and Marshall Watts of Currie Barracks, Calgary, spent the week-end at home.

LEGION NOTES

The meeting last Tuesday was well attended. The business part of the meeting was as usual given a great deal of attention. Legion affairs were the main topics, many questions were asked and answered.

The Home and School Association's request for a delegate to co-operate on town improvements was a lively topic and it was settled when Percy Wright volunteered to act as the Branch's delegate.

A committee was formed to see that all men on active service from the town were made as far as possible, associate members, and it was decided to keep all former members now on active service in good standing.

The Entertainment Committee were thanked for the success of the recent Social Evening, and in expressing his appreciation of the help given the chairman of the committee requested all to assist in the sale of tickets for an event they were arranging for hall improvements.

The date of the evening being close to April 5th, the day Vimy was stormed, members who took part in that engagement were asked to give brief talks on their experiences. G. A. McLean, J. Shary, W. Folley, W. S. McNeill, C. E. Way, W. S. Paterson gave incidents, mostly humorous, of that engagement as they saw it. The Reserve Army was again brought up for discussion and it was generally agreed that there was need of a unit in this district. It was finally decided to secure a member of the Reserve Army from Calgary attend our next meeting and have an explanation of the best ways and means of reforming a unit here.

Two excellent war pictures, The Battle at Manila and the Fight on the Russian Front, were shown. These were most interesting and it is planned to have further films of like nature at future gatherings. Jack Crellin assisted greatly in running the movie. All members are requested to get busy and sell all the tickets they can for the Big Night planned for May 21.

WARTIME MIRACLES IN BRITAIN

—By Walter R. Legge—

"There are miracles around us on every hand, but in this materialistic age we do not recognize them as such, was the remark passed during a conversation with an officer in England. The truth of this remark becomes more and more apparent when travelling in Britain today.

In those dark days of 1940, how often were there the thought that God must have forsaken us, yet even in those darkest hours miracles were being performed.

It was a miracle that the Germans did not invade England immediately after Dunkirk; it was a miracle that Hitler attacked Russia instead of England; the defence of the state of Britain was miraculous.

Probably the greatest miracle of them all was the rescue of the army of nearly four hundred thousand from Dunkirk. Few people realize the miracle that made this rescue possible.

When the editors visited Matilda's one day, they saw a number of small boats that made many trips across the Channel to bring back that army. Slim war boats were shown in the film "The Miniver" when that epic was portrayed.

Those little boats could not possibly have lived in a rough sea, and the English Channel is seldom smooth. In fact it is famous as one of the most turbulent stretches of water in the

M. D. BOW VALLEY MEET

Tuesday, April 13,

A lengthy meeting of the M. D. Bow Valley was held Tuesday, minutes of which will be published in next week's paper.

The Council renewed the contract with The Standard, and Miss Gerry Van Tighem was appointed assistant secretary.

"THE GALILEAN" SACRED CANTATA

The United Church Choir have prepared a sacred Cantata "The Galilean" interpretive of the Christ in His ministry of suffering and triumph. They will give this in the Nightingale Hall on the evening of Good Friday, April 23rd at 8 p.m. sharp, under the sponsorship of the local Women's Institute, and in the Easter Sunday evening service in Strathmore. Two young men of the Elwood district, Bill Julian and Vern Hansen will give the narrative parts between musical numbers. This will be found to be very reverent and sincere appreciation of the companionable Teacher and Saviour of Galilee. The story and music both simply, but movingly unfold the drama of Love Triumphant.

C.P.R. HOLSTEIN SALE

The Strathmore Sale of pure bred Holsteins held in Markham, Ontario, brought very high prices and ready buyers.

High prices for Monday was \$1575 paid for 3 year-old Lenore-Hello.

Average per head was \$493. J. A. Suttin, of California, was the biggest buyer, taking 31 head. Apart from this the majority remained in Ontario.

Mr. McCulloch and Mr. Art Hay were presented with fine tokens as appreciation of their work in the herd.

The number four is considered unlucky in Japan because it is the same word as "death."

R. C. A. F. ENLISTMENT

Application Forms for Both Men and Women

It is no longer necessary to journey to Calgary to sign on in the R. C. A. F. as applicants can now be attended here. S. H. Crowther has consented to act as recruiting representative and has all necessary forms for attestation. If interested in enlisting in R. C. A. F., phone or see Mr. Crowther, local representative.

OVER THE TOP

The Red Cross returns from the local canvas are now in with the grand total of approximately \$1450.

This is 160% of the anticipated objective. This is a good record.

COMING EVENTS

All roads will lead to Strathmore on Friday, May 21st. Keep your eyes on this column for further details.

EASTER SPECIALS

In Oil Permanents, also special school girls oil permanents. Phone 48. Mrs. Woodliffe, Strathmore. April 15th

Meeting of U. F. A. at Memorial Hall, Tuesday, April 20 at 8 p.m. Co-op dividends will be distributed. All farmers invited to attend and give their support to the organization.

The Easter Thank offering Tea of the W. M. S. will be held in United Church basement Tuesday April 20 at 3 p.m. Miss Stirling of Mount View Girls Home, Calgary, will be the guest speaker. Everyone cordially invited.

A good time and good music at the dance in Cheadle Hall Thurs. day, April 22 under auspices Community Club Apple Pie Supper. Everyone welcome.

Engagement Announced

Mr. and Mrs. C. S. Chase of Cluny announce the engagement of their only daughter, Elizabeth Mary, to L. A. C. J. W. Keeler of Calgary, son of Mrs. J. Keeler of Strathmore. The wedding will take place in Cluny in the latter part of April.

No Age Limit Set for Meat Ration
Ottawa—There isn't an age limit in the meat ration announced by the Wartime Prices and Trade Board for May. Infants, children and adults will be allowed the same weekly ration of two pounds.

Kitchen Equipment is Measured in Weapons

It takes the equivalent of the minimum in 7,700 pots and pans to construct an entire pursuit plane.

One ordinary refrigerator contains enough metal to make three machine guns, 61 refrigerators contain metal enough for a light tank.

The iron from ten kitchen stoves provides steel for a jeep.

Six large ash cans is enough for an anti-aircraft detector.

Treat your kitchen equipment with consideration. Take care of what you have.

7,000,000 bushels of Canadian wheat at 90 cents per bu. has been purchased by the Belgian Government. A request for the wheat will be put forward as soon as part or the whole of Belgium is liberated. At present it would cover the consumption in bread for 2½ months for all of Belgium. Mr. MacKinnon stated.

CARSELAND

by H. K.

The travels of an overseas box have been received by Mr. and Mrs. R. Barlow. A year ago last Christmas they sent a box to their son, Noel, who was then stationed in England. When the box arrived in England Noel's squadron had been transferred to Egypt. The box was forwarded there but it failed to reach him so it was returned to England. Finally it has been sent out to Oklahoma, U.S.A. where Noel is now stationed. Our postal service must be doing a very efficient job!

Mr. Hans Lausen of Calgary was a visitor at the home of Mr. and Mrs. J. M. Christensen.

Mrs. Annie Fritz and sons of Claresholm have been visiting at the home of Mr. M. Christensen. Kenny has gone to Alaska with a load of supplies.

Mrs. Crowe and daughter, of Carmansay are visiting at the home of Mr. and Mrs. Walter Crowe.

The P. B. Club meeting held at the home of Mrs. Barlow was largely attended. Lunch was served by Mrs. H. Groves and Josephine Cary. The next meeting will be held at the home of Mrs. Bob Groves.

The Bomber Press In Great Britain

world. Yet when those little blimps made those trips to Dunkirk and back, the water was smooth. We were told that men who have lived all their lives beside the Channel say that the never saw it as smooth as it was then.

Surely that was a miracle to equal the passage of the Israelites through the Red Sea.

It is frequently remarked that the way in which St. Paul's Cathedral in London escaped total destruction is a miracle. There is no doubt that the Germans tried hard to destroy it. The bomb damage around this cathedral includes some of the worst in England. It is one of the first places visited for many blocks all around.

The cathedral now towers up in plain view from all angles, whereas it formerly was closely surrounded by buildings.

The climb up to the gallery outside the dome is about 650 steps but the effort is well worth while. From this elevation there is the most comprehensive view of the "widespread damage" in the part of London. It impresses one more and more with the conviction that the way in which St. Paul's has escaped destruction is really a miracle.

It did not escape entirely however. Two bombs actually struck the building and another was removed from the ground just outside before it exploded. The first bomb struck just over the High Altar and brought down blocks of masonry weighing from one to two tons. These entirely destroyed the Altar and the pavement.

The second bomb fell in the north

transept and went right through the roof and the floor into the crypt, but again the damage was comparatively small, although the walls of the north transept are now four inches out of plumb, and beams have been pined to prevent further movement.

When the area around the cathedral is studied, and the bombs which fell on it taken into consideration, it is no wonder that everyone remarks that it is a miracle that St. Paul's is still standing.

Viscount Halifax has said, speaking of St. Paul's, "Two years ago it was hemmed in by offices, shops and commercial buildings of every kind. All these have now crumbled into dust and ashes under Nazi bombs, and to day St. Paul's stands, as it should stand, clear majestic, its great cross of gold above the city, sharp out against the sky. Surely there is something symbolic in that. The confused mass of buildings has gone, the rubbish has gone, but what really matters remains."

The vicious raids on the peaceful city of Bath where there were no war industries or anything of military value will never be forgotten. These raids, which took place in April 1942 destroyed many fine and historic buildings. Yet during those raids 12 tons of fell in gardens or open spaces where they did little damage. We were told this while looking over the city from Beacraft Cliff, and it did not seem possible that 92 projectiles could have found open spaces. Surely this was another miracle.

OTTAWA LETTER

F. W. GERSHAW, M. P.

In this War year Canada is accepted as Britain's equal in guarding the Atlantic. The Canadian Navy, guards our shores. Some of our corvettes and destroyers are off the coasts of Africa; some are convoying Russia bound cargoes through the seeming endless waters of Iceland, some are around the West Indies, Newfoundland and the British Isles. The Atlantic is vast and swarmed with U-Boats, so there is work to be done in every quarter. One Canadian boat on the high seas today bears the name "Medicine Hat."

A single torpedo costs about \$10,000. To finance the War effort for a year, the Minister needs about five and one half Billion Dollars. It is hoped to raise one half of this sum by Taxation and the other half by borrowing. About 443 million dollars more will be raised by Taxation this year than was raised last year. This sum will be collected by increased Taxes on liquors and tobacco and by changes in the Income Tax.

In a general way, one half of the Income Tax of 1942 is to be forgiven but the other half and practically all of the 1943 Tax, must be paid during 1943.

THE WEEK IN EDMONTON

Out of Town Trips—

Mr. J. I. Wright, secretary of Alberta Poultry Producers Ltd., intends to visit practically every rural newspaper office as preliminary to organizing meetings in the various communities. Instead of holding the meeting on the first visit to your community, Mr. Wright will contact vari-

This will result in bringing in more money during this crucial year and will establish the "pay as you earn system."

When the Minister was explaining this, one member said, "It was not then an Election Budget?"

Mr. Hsley — "Of course it was not."

Member — "Does the Minister mean what he says on that?"

Mr. Hsley — "I certainly do." If anyone reads last year's Budget Speech and this year's, he will find no misplaced emphasis and nothing misleading or inaccurate. The manner in which they strike the public depends on how they are reported and on the conception those who write the reports may have. It depends on intangible factors that cannot be gauged."

ous responsible people on his first visit and later return to address the meeting.

Road Program—

As preliminary to the starting of Alberta's 1943 road program. Hon. W. A. Fallow and his deputy, G. R. Mossman, are currently touring the south country viewing local conditions. Should the present rate of drying continue, an early announcement as to road projects can be expected.

Poultry Talks—

Watch for special broadcasts on "More Eggs For Britain" on the prairie regional network commencing Monday, April 12 at 6.45. Every rural resident will profit by these broadcasts.

Wool Production—

Production of shorn wool in Alberta amounted to 3,720,000 pounds, an increase of 438,000 pounds over the 1941 clip.

The average price received for wool in 1942 was 23 cents per pound being over 5 cents more than last year. Gross value amounted to \$856,000.

Canada's war requirements for wool amount to approximately 125 million pounds of shorn wool and 5 million pounds of pulled wool making a total production of 18 million pounds or 14% of her requirements.

NIGHTINGALE

By M. H.

The Nightingale Women's Institute had a very interesting meeting at the hall last Friday and in spite of a heavy rain there was a splendid attendance.

Mrs. Pete McLean gave a splendid report of the Calgary conference and made each member feel it would be a

privilege to attend these meetings, on legislation and a hearty vote of Mrs. Albert Mercer read a fine paper.

Army Receives Second C.P.R. Hospital Car

THE second travelling hospital unit built by the Canadian Pacific Railway to specifications of the Royal Canadian Army Medical Corps, this auxiliary hospital car was turned over by George Stephen, vice-president of traffic, on March 31 at the Windsor Station in Montreal to Col. G. A. Winfield, of Ottawa, deputy director general of medical services (A).

Converted from a compartment-observation sleeper, the "Mount Kitcheners", the new hospital on

wheels was remodelled at Angus Shops in Montreal under the direction of H. E. Naylor, works manager, to specifications drawn by H. B. Bowen, chief of motive power and rolling stock. This picture gives an excellent view of the 14 extremely comfortable double-deck steel beds which will accommodate 28 casualties. In addition the car has toilet and wash rooms, a receiving vestibule with doors wide enough to receive stretchers, a completely equipped dispensary, gas and electric rings

medical officer. In the inset are shown the Canadian Pacific and Army officials who took part in the actual delivery of the car to the medical services, with those shown in the spacious ward being, left to right: Col. Winfield, Mr. Stephen, Lt.-Col. G. S. Kinney, of Ottawa, assistant quartermaster general (movement control); and Col. R. H. McGibbon, of Montreal district

The meeting of the U. F. A. and U. F. W. A. was held at the home of Mr. and Mrs. A. K. Tompson. Everyone reports a very good time.

Mrs. M. Salmon of Calgary was visiting with her daughter Mrs. L. Wheeler for the past week.

Mrs. L. McKinnon of Calgary was visiting with her son Angus and family for a few days.

Pte. Gordon Paterson was visiting over the week-end with his parents, Mr. and Mrs. J. Paterson.

The sports Club held their meeting at the home of Mr. and Mrs. W. Nelson. Miss Ethel Miller was elected as Secretary. Treasurer and Mr. Jack Winter as one of the Executive for the coming year. All report a splendid meeting.

Mr. and Mrs. F. Winkler were in Lethbridge last Monday to attend the funeral of Mr. Louis.

Mr. A. Cleveland returned home after a holiday at the coast with her parents Mr. and Mrs. F. Rudolph.

Mrs. McLeod of Calgary is spending a few days with her daughter and family.

Mr. Roy Hahle was taken ill suddenly last Saturday eve. He was rushed to the hospital in Calgary. We hope it is nothing serious.

A member of the Ladies' Aid Society in a small town went to the bank to deposit, as she told the banker, "some old money."

Unfortunately the banker thought she said "egg money," and replied, "Remarkable, isn't it, how well the old hens are doing these days?"

Then he couldn't understand why the woman gathered up her passbook and hurried from the bank.

STANDARD

The K. P.'s held their final Whist Drive and Dance of the season last Friday, April 2. A very enjoyable time was had by all.

Pte. Gerda Pederson of the C. W. A. C. spent an enjoyable leave at the home of her parents.

Mr. and Mrs. M. Sorensen and children spent a day in Calgary last Thursday.

Mr. and Mrs. W. Melsen moved out on their farm to commence spring work.

Mr. and Mrs. G. Pedersen have moved to two and his son and family have taken over the farm.

Miss C. Myrthu has a leave of absence for three months from the telephone office.

Mr. H. Nielsen our transport driver, has been taken ill with a case of tonsillitis.

Maxine and Dierdre Mellese have taken up residence in the building adjoining Betty and William.

On Saturday, April 3rd, Mr. A. Larsen had the misfortune of losing part of his out crop by fire.

HERVEY**— By M. W. L. —**

Mr. Risseau paid a large sum for a pure bred bull at the Calgary Bull Sale last week.

Mrs. Ito and Johnnie visited Mrs.

LANDOWSKA

Wanda has devoted a good deal of her life to making the world understand that museums of music are as vital and necessary as museums of art. She believes "old music" is frequently more modern than modern music itself. This great artist was born in Warsaw, Poland, of parents who were both linguists of genius and musical amateurs. She graduated as a pianist from the Warsaw Conservatory at the age of 14, even then attracting the notice of great conductors. Her violin

NIGHTINGALE

Continued from Page Two

thanks was accorded these ladies. A sale of handkerchiefs and a plant netted the W. L. \$4.50. Mrs. Johnson, the hostess, for the day, served a delicious tea at the close of the social hour. The next meeting will be on Thursday April 22 instead of on Friday at the hall and a good attendance is desired.

Mr. C. R. Gladden spent a few days in a Calgary hospital recovering from a severe attack of flu.

Mrs. George Thurston spent a few days in Calgary last week.

Miss Beatrice Trollope spent a few days of her leave with the home folks. She is stationed at Vulcan and serves with the R. C. A. F.

Miss Doris Putman and Mary Trollope, who are in training with the R. C. A. F. in Calgary, spent a week-end at their respective homes.

Nightingale lost its oldest resident in the death of Mr. Robert Nichol on April 4. Mr. Nichol was 92 years of age and had lived here for the past twenty-nine years.

Russel Morgan came home Saturday after having successfully completed a year's course at the Agricultural School at Oids.

Mrs. Eddie Risdon returned to her home south of Strathmore after a two weeks visit with her parents, Mr. and Mrs. E. M. Stoodley.

Mrs. Harriman is spending the week in Calgary with Captain and Mrs. A. A. Downey. The Downey family are rejoicing over the arrival of a daughter (Brenda Joy) on April 11.

Pakahashi recently.

Miss Clandillon spent Saturday with her parents in Calgary.

The Hervey Sewing Club held 2 meetings in March, there being no meeting in February owing to drifted roads. The meeting of March 3rd was held at Mrs. Schobers, when 16 ladies and one visitor were present, accomplishing much good work as well as enjoying a pleasant afternoon.

Last week the meeting was held at Mrs. Laycraft's with all 16 members present and \$12 received besides much sewing and knitting. One lady contributed \$10.

CANADIAN GARDEN SERVICE**—By Gordon Lindsay Smith—**

If you want to make sure of your vitamins this year, grow them.

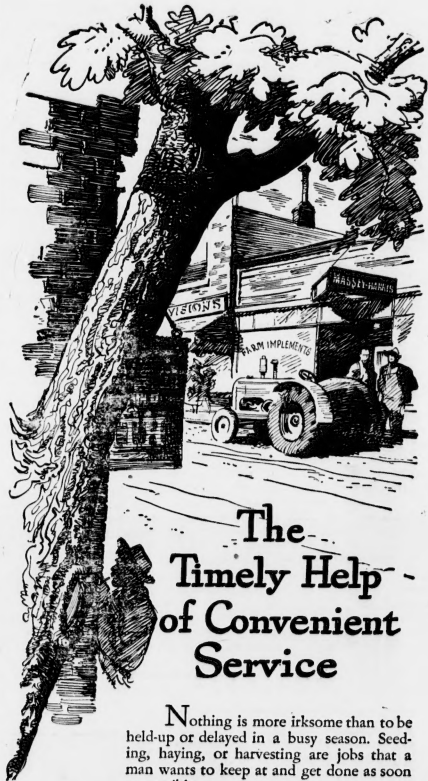

There is going to be very little tin for canning vegetables this year and

"The Galilean" Sacred Cantata will be given in Nightingale Hall by the United Church Choir of Strathmore, Good Friday Evening at 8 p.m. This evening of Sacred Music is sponsored by the Nightingale W. L.

that means another abundant source of supply restricted.

Thinning—

One can save oneself a lot of stooping and bother by proper spacing of seed when sowing. With beans, peas and such seed, from three to five inches apart is about right. With fine seeds like those of carrots, lettuce and such it is difficult to space evenly and thinly, but with a little care one can prevent bunching. This care in sowing will be repaid later when the plants start to grow, as much thinning will be saved.

**The
Timely Help
of Convenient
Service**

Nothing is more irksome than to be held-up or delayed in a busy season. Seeding, haying, or harvesting are jobs that a man wants to keep at and get done as soon as possible.

The timely help of convenient service is a mighty important factor in cutting down lost time when spare parts or machine service is required. In these days when farmers are being called upon to do more with less help it means a great deal to be able to telephone or call upon a local dealer and get what is wanted quickly and surely.

Established and organized to meet this ever-present need of agriculture for quick service contact, the Massey-Harris organization of branches, distributing centres, and local dealers has been geared to wartime needs. For complete machine overhauls and for prompt parts service, get in touch with your local Massey-Harris dealer.

**Provide Now
for
Future Buying**

Some day you will be able to make those improvements you are planning, buy new household appliances, and get the latest and best in equipment. In the meantime build up your capital by buying Victory Bonds and War Savings Certificates — it's the best way to help your country and help yourself.

CIVIC PRIDE

STRATHMORE citizens have reason to be proud of and loyal to their town. However, it is not enough to rest on one's oars and be content with past endeavors.

It is an undisputed fact that winning the war, with all the effort, sacrifice and contribution of money, work and influence, that implies, is our first and main duty. However while doing this we must at the same time keep the home fires bright. To do this we call the attention of our local groups to various corners and vacant lots in town that with a little manual labor, some artistic gardening planning and follow up care could add greatly to the general appearance. Who volunteers?

THE WORLD FOOD CONFERENCE

WITH the growing shortage of various food commodities, it behooves everyone to exercise the greatest possible thought in using those foods that have the greatest nutritional values. Further we on this continent must not think of our selves and our needs only, but the many thousands in Europe now hungry will be our responsibility as soon as the war is over and shipping facilities are again made safe and normal. Nor should we wait for this, but send by all possible means, of our surplus to feed the undernourished people of Europe.

To this end, commencing April 21 in Washington will be held for the first time in the world's history a Food Conference which will be attended by representatives from 32 Allied Nations. These men and nations are realizing "they are their brother's keepers."

To mention just a few items that should be increased if the world over had a sufficient amount of proper food 4 apples and 4 cabbages should be grown where 1 now grows. Meat production should be doubled and dairy

CHEADLE

by B. W.

An airplane made a very spectacular landing in Jay Miner's field on the morning of April 7. It hit a small mud hole and came to rest square on its nose. No damage was done to the pilot or plane.

Word has been received by Mrs. Pat Welshimer that her brother, Pilot Officer Aubur Fletcher was killed in action.

A very successful dance and pork pie supper was held in the Cheadle Hall Friday 9. There was a very large crowd. The Social committee was Mr. and Mrs. Doug Keer, Mr. and Mrs. Dave Heckle, Bill Craig and Lydia McLean.

Mrs. Blair Field and baby daughter (Edna May) arrived home from the hospital Friday 9.

A surprise party in honor of Mr. O. Edwards was held at his home after the sale. On behalf of the community, Mr. George Jackson presented him with a gladstone bag. Mr. Edwards is retiring from farming.

When the time came to choose a career the son told his father that he would like to take up poultry farming. Father was frankly surprised. "It might be alright, but you better make a start with owls; their hours will suit you better."

Allee—If you kiss me, I'll scream.
 Roy—But there is no one within hearing distance.

Allee—Then what are you scared of?

more than doubled. In Canada alone an increase of more than 1,000,000 q.s. of milk daily would be required and annually an increase of 720,000,000 eggs.

A fact to stagger one, with our thousands of untilled acres and previous unemployment.

We need to awaken.

CHANCELLOR

By Mrs. J. M. W.

Cpl. Jinks, L. A. C. Cronin and A. C. Miles of 37 S. F. T. S. were over night visitors of Mrs. Edna Hobbs.

A number of friends, 19 in all, surprised Mr. Harry Chamney on his birthday. It was a surprise too, as we caught him in the hog lot. A very pleasant afternoon was spent by all. Harry Jr. is now home to help with the seeding.

Mr. and Mrs. E. S. Naylor are home from the coast where they spent the winter. They arrived on Thursday.

Mrs. David Nelson is spending a few days with her parents, Mr. and Mrs. Phil Rogers. The Kenny children from Rockyford are also visiting at the Rogers' home.

Mr. and Mrs. H. Chamney, Mrs. E. Hobbs, Mr. Larry Smith, Mr. H. Macadam, of Standard, Mr. Wm. Pettiniger of Calgary were dinner guests of Mr. and Mrs. J. M. Wheatley on Friday evening.

It was too bad the rain came and kept a number of people away from the Wheat Pool picture show on Friday evening. The pictures were very interesting and well shown. Mr. J. M. Wheatley gave a short, but instructive talk on the workings of the Wheat Pool. If possible this show will be put on at a later date to give everyone the opportunity of seeing the pictures.

Mr. Ben Plumer was a Chancellor visitor on Tuesday.

The townfolk have been busy cleaning up the town and burning off all the tall grass which was becoming a fire hazard. The town will look much better when the grass comes up.

Mr. and Mrs. Fenske report that their son Pte. James Fenske of Grande Prairie has the mumps.

Hillyard—What time is it?

Stanley—I don't know exactly, but I know it isn't four o'clock yet.

Hillyard—Are you sure?

Stanley—Quite; 'cause I have to be home by four, and I'm not home yet.

Jean—Swell day for the race, isn't it?

Lyda—What race?

Jean—The human race.

Mistress (hearing crash in the kitchen)—"More dishes, Mary?"
 Mary—"No ma'am—less."

LIVER FOOD VALUE

Present advices from Ottawa indicate that meat rationing will not cover liver, heart and kidney. If a restricted use of the muscle meats leads to a greater use of organ meats a distinct nutritional advance will have been made.

Everyone by now has been informed that liver, calves' beef or pork is good food. Most people know pork liver is even more valuable from a nutrition standpoint than the more expensive calves' liver. Very few people know just how good it is. Three essential food elements apt to be lacking in the Canadian diet are iron, Vitamin A and riboflavin. In the light of that fact the following table is extremely interesting.

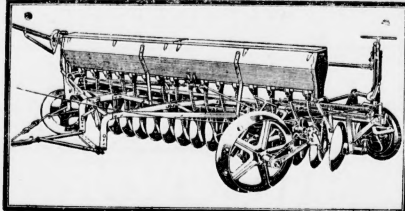

Average adults daily need 12 mgms. of iron, 5,000 units of Vitamin A and 2.2 mgms. of Riboflavin. 1 small serving of liver (3.3 ozs.) provides 11.2 mgms. of iron, 7,550 units of Vitamin A, and 2.67 mgms. of Riboflavin.

No other single food packs so much of the protective food elements into so small a space.

So everyone should eat it at least once a week. If the family doesn't like it straight try one of these recipes.

Liver Loaf

1 lb. beef or pork liver
 2 cups bread crumbs
 1 medium onion

The Bomber Press

(Continued from Page One)

At Bristol as in many other cities, there are numbers of miracles to be seen. Bristol Cathedral stands practically unscathed, although buildings all around have been damaged. Our hotel, next door to it, lost 100 rooms.

St. Mary's Redcliffe, of which Queen Elizabeth in 1574 said, "The fairest, goodliest, and most famous parish church in England," has also had a miraculous escape from serious damage while buildings around it have been battered beyond recognition.

A famous landmark in Bristol was the Leaning Tower of the Temple Church, which was built in 1145, and which was four feet out of perpendicular. The Church and all the buildings around it have been destroyed, yet the Leaning Tower stands up in the midst of the debris, and is still four feet out of plumb.

There have been large numbers of churches totally destroyed, but there is a very remarkable thing about them in most cases the steeple or tower is still standing. From the outside of the dome of St. Paul's cathedral can be seen at least ten churches in the vicinity that have been destroyed, including St. Mary (Bow Church) Cheap side, Christ Church, Newgate, (formerly the Gray Friars), St. Nicholas Cole Abbey, on Victoria St., St. Mary, Somerset, on Upper Thames St., St. James Garlick Hythe St. Vedas, in Foster Lane, St. Lawrence Jewry, St. Giles Cripplegate, St. Brides, and many others, and in nearly every case the towers or steeples are still standing. The same thing can be seen in Bristol (where twenty-eight churches have been destroyed) and in Bath, Portsmouth and several other cities which we visited.

The towers of all these ruined churches still standing has caused people to remember an old saying, that the steeples carry the prayers of the people up to heaven.

These steeples and towers are visible symbols of the prayer that free people may be given the strength to remain steadfast, and that they may receive Divine aid to overcome the barbarians who would destroy the temples of God.

The miracles described are only a very few of those that are to be seen in all parts of Britain today.

GLYCERINE FOR ADOLPH BENITO & TOJO

Save ALL WASTE fats & bones

Canada needs and must have every spoonful of fat drippings, every piece of scrap fat and every bone from every kitchen in Canada. Fats make glycerine and glycerine makes high explosives. Bones produce fat. Also glue for war industry.

Don't throw away a single drop of used fat—bacon grease, meat drippings, frying fats—every kind you use. They are urgently needed to win this war.

Strain all drippings through an ordinary strainer into a clean wide-mouthed can. Save your scrap fat (cooked or uncooked) and all types of bones—cooked, uncooked or dry.

When you have collected a pound or more of fat dripping, take it to your meat dealer who will pay you the established price for the dripping and the scrap fat. Or you can dispose of them through any Municipal or Salvage Committee collection system in EFFECT in your community.

Be a munition maker right in your own kitchen. For instance, there is enough explosive power hidden in two pounds of fat to fire 49 anti-aircraft shells. So—every day, this easy way, keep working for Victory for the duration of the war.

DEPARTMENT OF NATIONAL WAR SERVICES
NATIONAL SALVAGE DIVISION

ROCKYFORD

— By K. M. G. —

The Rockyford Red Cross held their regular monthly meeting at the home of Mrs. Ellison on Tuesday, April 6th. Owing to the condition of the roads very few of the outside members were able to be present. Mrs. Stone, the president was back in the chair after an extended illness. The report of the Bingo Party was read and showed a balance of \$65 when all accounts were paid. The matter of starting home nursing classes was taken up and will be dealt with more fully at the next regular meeting, when it is hoped all interested will be able to attend. The next meeting will be at the home of Mrs. Birt on Tuesday, May 3rd.

The farmers are very busy at present getting their machinery in shape for the spring work and also getting help for the work. The threatening of last year's delayed harvest started on Thursday but was again set back by the rain on Friday.

Mr. C. E. Schafer, who has farmed near Tudor for about 26 years, has been forced to give up owing to poor health and is holding an auction sale of his farm equipment and stock this week.

The Ladies Aid Society held their regular meeting on Thursday April 8, with the president, Mrs. G. Pomroy in the chair. The principle business of the day was arranging for the annual Easter Tea and sale of home cooking which is to be held in the hall on Saturday, April 24. The convensors of the different sewing departments will have their finished products for sale, and ice cream supplied for the children. At the social hour Mrs. Allen and Mrs. Smith served a cup of tea and sandwiches to those present.

Mr. Harry Clemens had his sister and her husband visiting him for a few days last week.

Mr. and Mrs. Leslie had their daug-

ter Kate and Granddaughter home for about a month. Kate's husband is with the Navy at the west coast. This week they have their second daughter, Eva and her husband who is the R. C. A. F. ordinance Corps, home with them.

A pleasant evening was spent at the home of Mrs. Poole on Friday, April 9th, when the ladies got together for an evening with Mrs. Williams, who, with her husband, will be leaving for Edmonton shortly. Games were arranged by Mrs. J. W. Gibson and Mrs. Bradwell and were much enjoyed. At the lunch hour Mrs. G. Pomroy, president of the ladies Aid, presented the honored guest with a hand embroidered lunch cloth and expressed the regret of the society at her departure, and best wishes for the future, to which Mrs. Williams very graciously replied. Mrs. Stone, on behalf of the Eastern Star Order extended their regrets at their sisters' departure and presented the usual remembrance. Mr. and Mrs. Williams will be greatly missed in Rockyford, where they have been such valuable help in all good efforts and organizations, and true friends to a wide circle.

Sgt. J. W. Gibson has again had an escort trip back to Edmonton and arrived in Rockyford on Saturday evening. His wife and two sons, who have been spending some time with her parents during Mrs. Stone's illness, will return to Vancouver with him later in the week.

Jack Riddoch arrived home one evening to find his young wife sobbing.

"What's the matter darling?" he asked anxiously. Amidst the sobs she explained that the cat had eaten all the cakes she had made that morning. "Never mind, dear," he said kindly. "I'll get you another cat to-morrow."

ARDENODE

—By H. M. A.—

Mr. and Mrs. Albert Riley of Calgary
were visiting at the Riley farm Sun-
day.

Mr. and Mrs. A. M. Watson and fam-
ily spent the weekend visiting in Car-
rich and Calgary.

The Local Bridge Club met at the
home of Mr. and Mrs. G. H. Godfrey.

Miss Doris Hilton entertained a few
of her friends Sunday evening, the
occasion being her birthday. Every-
one had a very happy time. We wish
Doris many more happy birthdays to
come.

Mr. P. E. Sarsons and family enter-
tained a few friends at Bridge on Tues-
day evening.

Mr. and Mrs. Howard Andrews and
family are all very decidedly under the
weather at present. We hope they
will soon be feeling better.

Threshing is being talked about
right now, if only our weather man can
hold out.

A Warning

As a result of unfavourable
weather conditions prevailing last
fall, including frost in some areas,
much of the wheat, oats, barley,
and flax is germinating poorly. The
seed on sowers to be most serious
with oats, the most serious affected
are those sown in the north of the
C.N.R. main line, and the area
adjacent to the foothills in Alberta.

It is safe to say that all cereal
seeds in the areas named above
should be tested for germination.
Our own laboratory has already re-
ceived nearly 10,000 samples, and
doubtless, the Dominion Govern-
ment laboratories have tested large
numbers.

However, the local laboratory
facilities in the West are inadequate
to handle all sample work should be
taken. Farmers who have not al-
ready done so would be wise to
make their own.

For a heavy card printed giv-
ing detailed instructions for making
house germination tests. One of
these will be hung in all country
offices of the Canadian Govern-
ment with the work of this Depart-
ment. The same information will
be printed on the "Seedtime and
Harvest" leaflet distributed to grain
growers for passing on to their
children.

Thoroughly speaking, seed germinat-
ing 80% or over is O.K.; from 65%
to 80%, rate of seeding should be
increased; less than 65%, seed
should be replaced.

Farmers unable to reach a line
elevator conveniently may obtain
copies of the leaflet by writing
directly to the Agricultural Depart-
ment, The North-West Line Eleva-
tors' Association, Winnipeg (or
Calgary).

CHRISTIAN SCIENCE

"Doctrine of Atonement" is the sub-
ject of the Lesson-Sermon at each
Christian Science Churches on Sunday.
The Golden Text is Galatians 1:3, 4.
One of the Scriptural citations is "Ye
also, as lively stones, are built up a
spiritual house, an holy priesthood,
to offer up spiritual sacrifices, acceptable
to God by Jesus Christ." (1 Peter 2:5)
One of the correlative passages from
"Science and Health with Key to the
Scriptures" by Mary Baker Eddy, is
"Our Master taught no more theory,
doctrine, or belief. It was the divine
Principle of all real being which he
taught and practised. His proof of
Christianity was no form or system of
religion and worship, but Christian
Science, working out the harmony of
Life and Love." (p. 26).

CONSERVATION IN THE NATIONAL PARKS

In time of war all efforts are, prop-
erly, concentrated upon victory. There
is a possibility, however, that this con-
centration may lead to neglect of other
values. To save a house from burning
it is not always necessary to destroy
the lawns and gardens surrounding it.

The demands of war have enormous-
ly accelerated exploitation of many of
our natural resources. It is well that
along with this acceleration there
should, whenever possible, be the
practice of conservation. Indeed, in
view of the ruthless destruction of life
and property now going on in the
world, conservation takes on a new
vital significance.

Among the institutions in Canada
which tend toward conservation none
is more important than our national
parks. The purpose behind national
parks is conservation; conservation of
scenery, of forests, of wild life, of the
wilderness as nature made it. The
tourist industry associated with the
national parks, important as it is, is
merely a by-product of this conserva-
tion.

Canadians are fortunate in having
one of the finest systems of national
parks in the world. Although the
system had its birth in the Rockies it
has been extended into the other pro-
vinces; Manitoba and Saskatchewan
would be definitely poorer without
their Riding Mountain and Prince Al-
bert National Parks. These are areas
which must compel every visitor to re-
vise his conception of the prairie pro-
vinces.

It is well that we have these places
reserved for all time for public use,
where men, women, and children can,
if only for a few days each year, renew
their acquaintance with Nature in her
kindest and most beautiful moods. The
exigencies of war, while they may in-
terrupt the development and extension

Yes, "we have a big job to do yet"

WHEN they come home—those boys who are fighting now—make them want to stay home. Make them happy and contented on the farm. They will have new ideas they want to try out. They may want to go in for new breeding stock; new crops; work out a drainage or irrigation project; do a big job of fertilizing. You are wearing out implements and equipment which cannot be replaced now. You may want to erect new buildings, or to add to present buildings. You may wish to modernize your farm with water or electricity. You may want a new motor car—new conveniences and comforts for your home. These things cost money. Save money now and invest your

savings in Victory Bonds. They will provide cash for things you will need when the war ends.

You can buy Victory Bonds for cash in a lump sum, or you can arrange to pay for them in convenient instalments over a period of six months.

Your Victory Bond salesman will be glad to tell you full particulars.

WHAT IS A VICTORY BOND?

A VICTORY BOND is the promise of the Dominion of Canada to repay in cash the full face value of the Bond at the time stipulated, with half-yearly interest at the rate of 3% per annum until maturity.

A Victory Bond is the safest investment in Canada. The entire resources of the Dominion stand behind it. Canada has been issuing bonds for 75 years, and has never failed to pay every dollar of principal and interest.

A Victory Bond is an asset more readily converted into cash than any other security.

Buy all the VICTORY BONDS you can

HOMIE HOMILY

—By W. E. SIEGEL—

THE SPIRIT OF THE NEW WORLD
(Continued from Last Week)

The first thing necessary will be to cease from secularising the students in our schools and colleges and to begin to christianize our educational system. We must give our children a chance to grow up in a world filled with, and moved by an atmosphere of genuine Christian living. Unless humanity will learn to live together in a Christian fellowship of association the outlook can be no better for the future than it has been in the past. Life must continue to be a series of futile wars which bring so little, if any real benefit to mankind at the cost of so much suffering and sacrifice.

Peace is not a matter of any one nation, or group of nations holding power over another group. Nor can peace be established and guaranteed by keeping one section of humanity in fear of another section. These situations have been tried before and have always led to more wars and strife, and it will make little difference which nations exercise their power over other nations of the world—the spirit of war as well as the seeds of war lie in every situation of this nature.

Peace is a spiritual matter—it is a question of the kind of emotions ruling the heart of man. That is why it can never result from any outward imposition of authority. Peace by imposed authority is nothin but the will-o-the-wisp that has always led mankind into new quagmires of international conflict, and always will.

This means that we must seek to train the emotions as well as the intellect of the human race if we are to have a world of christianized associations in all spheres of human contact.

HUSSAR

—By M. C. B.—

The Hussar Ladies Aid met on Wednesday afternoon, at the home of Mrs. E. J. Bell, to do honor to Mrs. M. J. Moffat, who will be leaving within a week, to reside at Lithbridge. Mrs. Moffat has been a resident of Hussar for twenty-five years, during fifteen of them she has been the president of the Ladies Aid. After the business, a social program was given, with songs in which the forty-nine ladies present joined, with Mrs. D. Stitt at the piano and Mrs. P. Pringle leading. Readings were given by Mrs. T. Burdett, Mrs. L. F. Snyder and Mrs. L. I. Montgomery. Violin and piano duets were given by Mrs. Odile and Mrs. H. Buckschmidt, and a concert was directed by Mrs. D. Grant and was by Mrs. C. T. A. Armstrong. A delicious lunch was served by a committee consisting of Mrs. H. D. Brown, Mrs. H. B. Stitt, Mrs. B. Synder and Mrs. E. J. Bell. After the lunch, the president of the Aid, Mrs. E. J. Bell, gave a short talk of appreciation of the work Mrs. Moffat had done in the Aid, and presented her with several pieces of fine china. Mrs. Moffat replied with a talk of thanks, in which she gave the history of the many farewell parties that the Aid had held during her membership. Mrs. Moffat and her son, Jerry, will locate in Lithbridge, where Jerry will resume his studies after the Easter holidays. Keen interest is being expressed at the loss of such a public minded citizen, as Mrs. Moffat has always been a leader in all public welfare movements.

It ain't the things you don't know what gets you into trouble, but the things you know for sure that ain't so.

Local News Items

Born to Constable and Mrs. Hawthorne in the Holy Cross Hospital on Wednesday, April 7th, a fine baby girl.

Mr. and Mrs. McGregor and Annie and Mr. and Mrs. D. A. Perry motored to Olds Sunday, visiting friends in Calgary on their return trip.

Dr. Carpenter, Supervisor of Technical Training in the Province visited Strathmore High School Tuesday. He will make official visits to Medicine Hat and the schools en route.

Johnny Christensen, who is now serving in the R. C. N. passed through Strathmore Sunday en route to Edmonton to see his mother who has been quite ill.

Mrs. Kollon, sister of the late Mrs. Teare came from Benton Station to be present at the funeral services Wednesday.

Miss Jean Backs and her brother, Walter, who is stationed with the R. C. A. F. at Edmonton, spent the week end at home. Jean has been visiting relatives at Edmonton for the past week, and left here Sunday evening to spend two weeks in Calgary.

Among the boys seen home for the week-end were, Lt. Ian MacKenzie, Sgt. Tew, Harold Hunt, Gerald Robson, Jack Oldham and Conny Cook.

Mr. Jack Riddoch, who has been the efficient Secretary-Treasurer of M. D. Bow Valley for the past two years, left Strathmore Tuesday en route to Edmonton, where he will take basic training in the R. C. A. F. We extend our best wishes for future success.

Mr. and Mrs. S. G. Craig of Armada, Alberta and Mr. and Mrs. W. Colson of Ensign, Alberta and Mrs. Wolff, of Calgary all visited their Mother, Mrs. Colson sr. during a previous week.

Cramer Ruppe, son of Mr. and Mrs. H. A. Ruppe, Tudor, has enlisted in the Air Force at Texas, U. S. A.

Mrs. Van Tigchem has received a cablegram announcing the safe arrival in England of her son, Capt. Leonard Van Tigchem.

Don't forget the Saturday Night Dances. The first one will be on April 17th.

The Sacred Cantata, "The Gallian" will be rendered in United Church Easter Sunday evening by the Choir, and in Nightingale Hall Good Friday, at 8 p.m. Read fuller notice on page One.

Mrs. Leston Anderson, niece of Mr. and Mrs. Harley Wilkon, who has been critically ill in Hospital in Calgary, has now taken a turn for the better, and bright hopes are now entertained.

E. F. CAMERON VISITS BOWDEN

BOWDEN, April 9—Flight Lieut. Elbert F. Cameron, former teacher in Strathmore School, left last Monday for St. Johns, Quebec after spending a short leave with his parents, Mr. and Mrs. Fred Cameron. While here he received a wire that he had been promoted to Flight Lieutenant. For the past year he has been Air Navigator Instructor at a Quebec air training School. Elbert grew up in Bowden and attended public and high school here. He was a favorite in school sports and track meets. A graduate of Calgary Normal School, he taught for several years before entering the University of Alberta, where he graduated with honors in the class of 1939, with the degree of B. A.

His younger brother, Donald M. Cameron who was serving as a meteorologist with the R. C. A. F. in Northern Ireland has also been promoted to Pilot Officer and transferred to England.

Cliff Giroux met with a bad accident which might have proved very serious when a 40 ft. pole on which he was working, broke at the base, Cliff falling with the pole. He fortunately escaped with a couple of broken ribs. A month's rest will, we trust give complete recovery. He was working with the McGorger Construction Co. near Cardston.

We are glad to report that Mr. E. Whiteside has sufficiently recovered from his recent motor operation to be able to return home Monday.

It is also good news to hear that Walter Mercer had progressed sufficiently to have the cast which he has had to wear since last November, removed Saturday. All will hope for continue to progress to complete strength.

A smoldering fire near the Sorensen home quickly broke into a blaze from a gust of wind Wednesday at noon, created quite a scare for a while. The fire brigade responded promptly, and they, with the help of Mr. Sorensen and Carl soon put the fire out. Grass fires can be dangerous.

J. R. Novak, of Lyalta has enlisted in the army and will take training in Calgary.

Born to Mr. and Mrs. Roy Sorensen (nee Joan Barber) in Calgary April 15 at the Holy Cross a baby girl. Best wishes.

A number of farmers are taking advantage of this bright dry weather to thresh last year's grain.

TAR SANDS

Tar Sands of Alberta are to be used in material to pave the Alaska Highway. Wherever used these Tar Sands have proved their value.

It is to be hoped that this is just a beginning for huge development of this useful natural product, that for so long has been left to lie dormant.

NEWSPRINT IS RATIONED

Please check your subscription label

Like butter, sugar, meat etc. etc. Newprint too is rationed. This is also a war measure, over which we have no control.

In order to secure our necessary quota of Newprint the regulations now are that we cannot carry anyone who is more than three months in arrears.

On the whole our mailing list is in satisfactory state. There are a few, however, in arrears and to them we make this appeal.

We will give until the end of May for all subscriptions to be brought up to date. After that if not paid up we have no choice but to delete your name from our mailing list.

We do not expect this will be necessary. Thank you.

—The Standard.

CARSELAND

(Continued from Page One)

Ed Barlow is sick in the Red Deer Hospital with a severe attack of bronchitis.

Mrs. Leland Phillips of Strathmore, has been visiting with her sister, Mrs. Taylor. Mrs. Taylor and Billy have been quite sick with the flu.

Margaret Gilbert has completed her teaching at Arrowwood and is visiting at her home for a week.

Mrs. Bill Slater and Mrs. Ed Dalton have been in Calgary for the past week taking treatments.

Mr. and Mrs. Walter Wilde, of Okotoks were visitors at the home of Mr. M. Christensen.

Mrs. Melvin Raycraft, of Blackie, spent a week with her parents, Mr. and Mrs. J. Jamieson.

Mrs. Blair Field and baby daughter Edna arrived home from Calgary on Friday night.

We are sorry that Mrs. Larsen is leaving her house in Carseland, but we are glad to welcome Mrs. Coels and her children into our community.

Mrs. Norman Neilson entertained a few ladies from Carseland at her tea, Fairplay School, on Wednesday evening. Two tables of bridge were arranged, Mrs. Wm. Greenwood winning high score and Mrs. Walter Crowe the consolation.

Leading Stoker Joe D. Giles, who has been quite ill for the past month in Military Hospital at Prince Rupert, B. C. is improving and hopes to soon resume his duties aboard H. M. C. S. Cougar. Joe's many friends wish him a speedy recovery.

CARSELAND RED CROSS

The Red Cross Tea and display of sewing and knitting held last Saturday was a big success and \$29.50 was realized. The display of work included 103 articles of sewing and 8 quilts and 18 articles of knitting all completed in the last month.

The Carseland Red Cross wish to announce that a big Picnic and Sport's Day will be held at the river on the Dominion Day Holiday, Monday, July 5th. Keep this date open.

The Red Cross Campaign total is now \$533.60.

BACK THE ATTACK

There was good news recently from overseas for Canadians who have been buying Victory Bonds and War Savings Certificates so enthusiastically during the past two years.

The Commander of the Canadian Army, Lieut.-General A. G. L. McNaughton, declared, "For many months now there has been an ever-rising flood of munitions to carry forward our purpose against the enemy." He listed the munitions flood to include warships, transport air craft, guns and many other weapons of war and praised the constant and intense endeavor in this country to develop new and better weapons which would bring an advantage to the Dominion troops over the enemy.

The distinguished head of Canada's army injects a new spirit of enthusiasm into the hearts of Canadian people at the approach of the Fourth Victory Loan when he confirms the fact that our Bond purchases of yesterday have been turned into hard materials of warfare to beat the enemy.

On the heels of this statement from the Canadian general we heard from

Cairo where a military observer declared that Canadian tools had played a major part in whipping the Afrika Korp.

"I did not observe a single workshop which did not contain one important tool stamped 'Made in Canada,' he said.

Let us not forget that above all else our act in purchasing Bonds is a blow that the Germans will surely feel!
